well beyond a million shares. The
movement was more comprehensive
and convincing than any of the past
three weeks in that a very large por-
tion of the turnover consisted of
dividend-paying investment issues as
distinguished from specialties of less
stable character.

The so-called Harrimans, particu-
larly Union Pacific, which led all
stocks in the extensive trading of
the forenoon. Most of the rails, on
gains of 1 to 3 points, were at best
prices in one to two years, with an
actual new record for Reading at
\$115.

Coppers lost none of their favor
as mediums of feverish speculation,
inspiration making a new maximum
at 65½c, with further action of An-
acosta, American Smelting and Ken-
necott. Motor shares, which seem to
respond to any definite movement in
metals, was mostly at higher quotations,
General Motors making a gross
gain of 15 points.

There was a marked revival of in-
terest in shipping shares. Sugars
traded in the wake of marines, rec-
ord prices being registered by Cuban
Cane common and preferred and
American Beet.

Final prices in a majority of cases
were at fractional or one point re-
cessions from the day's best. United
States Steel, which traversed a nar-
row radius, closing at \$115½, a net
gain of ½ point. Total sales amount-
ed to 1,485,000 shares.

An appreciable increase of activity
was shown by the firm bond market.
Total sales, par value, aggregating
\$6,429,000.
United States bonds were un-
changed on call.

CHICAGO GRAIN

CHICAGO, Sept. 27.—Prospects of
a break in the drought in Argentina
had a good deal to do with weakness
which developed in the wheat mar-
ket here today. The outcome was
an unsettled close, 1c to 1½c net
lower, with December at \$1.52½, to
\$1.52½, and May at \$1.52½. Corn
wound up unchanged to ½c higher,
outs off ¼c to ¼c, and provisions
ranging from 25c decline to a
rise of 15c.

Wheat traders were in a bearish
mood from the outset. The market
at the opening was apparently yet
feeling the depressing effect of the
big world supply, the largest ever
known at this time of the year. Victo-
ries of the entente allies in west-
ern Europe tended also to handicap
the bulls, despite the fact that the
outlook for an early opening of the
Dardanelles seemed far from prom-
ising. Besides, liberal receipts at Kan-
sas City and weakness in the cash
market there counted further on the
bear side. It was not, however, until
news was received of unsettled
weather in Argentina that the down-
ward swings in values attained the
greatest impetus shown during the
session.

Notwithstanding that numerous
railes took place in the wheat mar-
ket, commission house selling became
more and more aggressive, especially
in the last hour, when one house
alone disposed of more than 1,000,000
bushels in the pit.
Corn developed firmness owing to
unwelcome rains. Oats tended to
sink in the absence of any urgent call
from the seaboard.
Lower quotations on hogs pulled
down the provision market. Close:
Wheat: Dec. \$1.52½; May, \$1.52½.
Corn: Dec. 72c; May, 71½c.
Oats: Dec. 48½c; May, 47½c.
